VIEWS FOR INFORMATION

Home

Data are displayed but cannot be changed.

Personal Information	
First Name:	Test
Last Name:	Person
Address:	701 Los Moon

Form Page

Data are displayed and can be changed or new information added.

Note: Fields shaded in yellow are required.

First Name:	<input type="text" value="Test"/>
Last Name:	<input type="text" value="Person"/>
Address:	<input type="text" value="701 Los Moon"/>

Submitting Data

- Every form page has an add or submit button on the bottom left
- The add/submit button must be clicked to send info to the database
- Think of this like filling your gas tank
 - To make gas flow into the tank you have to hold the lever in the handle.
 - To enter data you have to click the submit button.

Required Data

- Required fields have a light yellow background. If you don't fill these in, you will get a message to do so
- If you don't fill in required data fields, you will get an error message telling you what is missing

Pedigree

- Pedigrees are created offline so it can be several weeks before they are posted
- Once a pedigree is posted, the owner is notified by email.
- Coefficient of inbreeding is calculated for 10 generations.

SESSION TIME OUT

Session Timeout

Your session has timed out on the server and you have been automatically logged off. This is most likely due to inactivity. Unfortunately this is necessary when there can be large numbers of people accessing a database. Thank you for your understanding.

You will need to logon again to access the BeaCon Open Health Registry Database. Click on the button here to go to the logon page.

[Click Here to Go To The Logon Page](#)

Gather information needed before you begin. If there is no activity for 20 minutes the session times out and you will have to log in again.

NEW USER REGISTRATION

Click here to find family members

FAMILY MEMBERS

The search for a dog's family members works only if names of sires and dams are spelled identically for each dog.

If you're certain that a relative is in the database but it is not displayed when you click on the search for family members, please report this to one of the email addresses given at the end of the presentation.

SEARCHING THE DATABASE

Search Options Menu

Click the button corresponding to the search mechanism you wish to use.

Dog Search

Search for dogs using Dog Name or Registration Number.

Health Screen Search

Search for dogs using combinations of Health Screen values.

Health Detail Search

Search for dogs with health detail records containing a specific diagnosis.

DOG SEARCH

Dog Search

Enter any one of the search options listed below. If you do not know the exact information or spelling, just enter what you do know and the search facility will allow you to choose from all dogs with that partial information.

Registered Name: Begins With Contains

Call Name: (contains)

Owner (last name): (contains)

Breeder (last name): (contains)

If you know the exact Dog ID, you can enter it here

Dog ID:

Submit Search

Return To Search Options Menu

REPORTS

Reports can be viewed and printed. The sponsor report is not current. Some reports can be very long; view before printing.

Reports Selection Menu

Note that all reports are created at the time you click the button to run the report. This means that the re each time you run a report, the data could be different than the last time you ran the report.

Click the button corresponding to the report you wish to run.

Female Reproductive Report

**Report on all bitches with reproductive information entered.
(caution - large amount of data returned to your PC)**

Male Reproductive Report

Report on all dogs with reproductive information entered.

Health Report

Report on all dogs with selected health diagnosis records.

Sponsorship Report

Display all dogs where I am listed as the sponsor.

UPDATING INFO

- You may update your personal or dog's information at any time. Just log in.
- Yearly update reminders are sent by email in January. These go to owners who have at least one living dog, have logged on in the last 5 years, and have not entered info in the prior 4 months.
- If you don't enter an email address for contact, you may not receive an update notice.

FOR ASSISTANCE

- Send email to:
 - beaconbb@bellsouth.net or
 - dottiedofinklestein@beaconforhealth.org
- Response should be in a few days. Work is done by a volunteer so be patient.
- Send complete error messages if any, to help resolve problems.
