

**Our beloved Cody 'Wetfoot' Roberts passed away on Friday 12th September 2008. Cody was 12 years old. She had been suffering with her immune disease again, and had in fact been battling it on and off for the past 8 years -always coming back as a fighter. She definitely had a strong will to live. (She also had surgery for a patent ductus arteriosus).**

**We miss her like crazy, the house does not seem the same, but we know she is safe now and out of pain at the Rainbow Bridge.**

**Elaine, Rick, Courtney, Jacob Roberts  
and  
Lukas and Charlie**
